

Who?

Designed for the convenience of the end-user.

What?

A secure, speedy telephone facility which allows callers to place sites in and out of service as well as check test calls via a virtual "operator".

Where?

Anywhere that you use your telephone.

When?

The service is available around the clock 365 days a year.

Why?

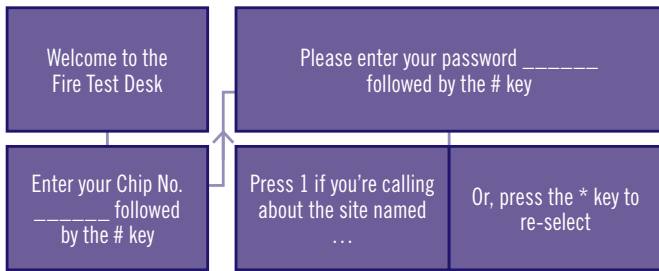

- Particularly useful for clients carrying out frequent fire alarm tests
- Immediate - instant response removing the possibility of any "hold" time if calling during a busy period
- Secure - fully password protected with comprehensive traceability user log
- Instant Verification - confirmation of the receipt of test calls at the touch of a button
- Save time & money using the dedicated Standard rate telephone number: 0115 983 5963

For more information or to arrange set-up please email: testdesk@emcs.co.uk along with your Installer reference number and a member of the team will be in touch!
